

STM-200

20" LCD Monitors with 4:3 Aspect Ratio

- Rugged metal casing
- High image resolution and sharpness
- Various display modes including PIP/POP
- On-screen setup menu
- Remote controller supplied
- Integrated audio
- Long-life backlight lamps
- Various mounting options

The STM-200 20" LCD monitor is ideal for use as part of medium-sized and large video surveillance systems. The STM-200 can be used to create video walls for CCTV control rooms. Slim design and thin screen frame provide maximum space saving. With optional brackets you can install the LCD monitor on a wall or a ceiling.

High image resolution and sharpness

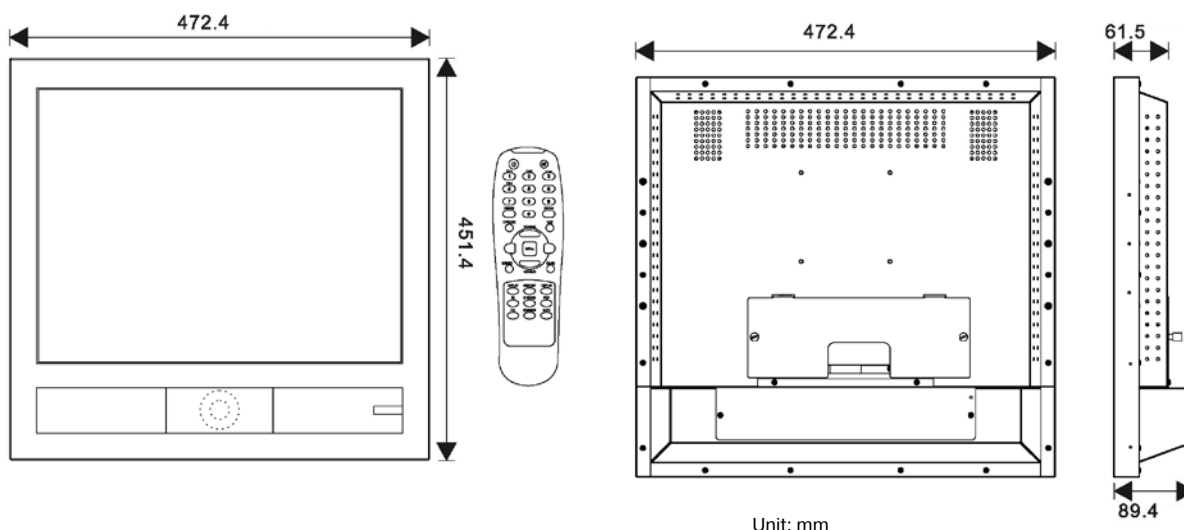

Maximum brightness of 450 cd/m² and contrast ratio of 400:1 provide accurate full-color image. Dark colors are perfectly displayed even in bright light.

Combination of 20" diagonal size and 176° horizontal & vertical viewing angle allows to install the LCD monitor in any available space in the control room. Image quality setup options ensure maximum comfort for CCTV operator.

Easy installation

For easy installation, four mounting holes are provided in the corners of the LCD monitor. There are four VESA-compliant mounting holes in the center of the STM-200's back panel, allowing to use both Smartec and third-party brackets and mounts.
